5. Principal's and Teacher's reports

Dawn spoke on the following points:

-French teacher situation, loss of fr teacher but district has plan for online teacher that would be virtual. Mr. Mac would be there to support while fr teacher is instructing. Way to deal with the challenge of island French opportunities for all the students.

-Music program- District provides music teachers for grade 5+, but we need instruments. We could buy a percussion kit, a string kit, or woodwind kit. Since we have money in the bank and teacher is provided, low cost on the whole. Need to decide which kit would fit best with our school.
